

**CRUSH** (Damage Analysis) to let **360 LINEAR MOMENTUM**

turn **SMAC** into

a simple **Push Button** operation

**Kv or "B" Stiffness Values**

Select Values - may be modified on SMAC Interface

Kv - Computed 132.17 137.26

"B" - Stiffness 57.1 43.2

The world's most comprehensive accident reconstruction software includes

Monte Carlo (**Range**) and Finite Difference (**Error**) Analysis
